Programme on
Emerging Trends in Supply Chain Management
February 10 to 12, 2026

Dear Sir/Madam,

We are pleased to invite nominations for the three-day training programme on “**Emerging Trends in Supply Chain Management**,” scheduled from **February 10 to 12, 2026**, at the Administrative Staff College of India (ASCI), Hyderabad.

Aligned with the vision of Mission Karmayogi Guna, this programme focuses on strengthening ethical, efficient, and technology-driven governance through modern supply chain capabilities. With supply chains rapidly evolving due to advancements in AI, blockchain, IoT, digital twins, data analytics, and sustainable logistics, it has become essential for organisations to equip their executives with the latest tools and competencies.

This programme is designed to help participants:

- Understand emerging SCM trends and technology disruptions
- Apply innovative and resilient supply chain strategies
- Use predictive analytics, Power BI, Tableau, and AI-based forecasting tools
- Explore sustainability frameworks, circular economy principles, and green logistics
- Develop practical, technology-enabled SCM solutions through a capstone project

The sessions will be delivered through classroom lectures, case studies, hands-on exercises, and collaborative discussions. The programme is ideally suited for middle and senior-level executives and professionals handling procurement, logistics, SCM operations, digital transformation, and sustainability initiatives across government entities, CPSEs, SLPEs, regulatory bodies, financial institutions, and private organisations.

The programme is fully residential, with participants accommodated in air-conditioned single-occupancy rooms. Fee details, bank particulars, and timelines for nomination and withdrawal are provided in the brochure. Organisational sponsorship is mandatory.

We welcome your nominations and encourage you to take advantage of this opportunity to strengthen your organisation’s supply chain capabilities in a rapidly transforming global environment.

For any further information, please feel free to contact us.

Warm regards,

Prof. B. V. N. Sachendra
Professor & Centre Director, CHRD

Programme on
**Emerging Trends in
Supply Chain Management**
(Feb 10-12, 2026)

PROGRAMME OVERVIEW

Aligned with Mission Karmayogi Guna of Rajyakarma, which advocates ethical, efficient, and sustainable governance, Supply Chain Management (SCM) is evolving with AI, blockchain, IoT, digital twins, and sustainable logistics advancements. To remain competitive, businesses and governments must integrate these innovations into their supply chain strategies.

This three-day training programme equips participants with cutting-edge SCM practices, emphasising data-driven forecasting, automation, and sustainability. Key topics include innovative supply chains, real-time monitoring, AI driven decision-making, and resilient supply chain models. Participants will gain hands-on experience with Power BI, Tableau, and AI-powered tools to analyse and implement SCM innovations.

By mastering these competencies, participants align with the Karmayogiframework, fostering transparent, efficient, and technology-driven supply chains that enhance governance, business resilience, and sustainable development.

OBJECTIVES

- ▶ Understand emerging SCM trends, including AI, blockchain, and IoT.
- ▶ Learn innovative supply chain strategies, predictive analytics, and digital twins.
- ▶ Gain hands-on experience with Power BI, Tableau, and AI-powered forecasting tools.
- ▶ Explore sustainability in supply chains, emphasising green logistics and circular economy principles.
- ▶ Apply innovative SCM strategies to real-world business challenges through a capstone project.

CONTENT

Day 1: Foundations of Emerging SCM Trends

- ▶ Overview of real-time monitoring and AI-driven analytics.
- ▶ Introduction to digital twin technology.

Day 2: AI, Blockchain, and IoT in SCM

- ▶ Enhancing transparency with blockchain.
- ▶ Optimizing demand planning and forecasting with AI and IoT.
- ▶ Hands-on training with Power BI and Tableau.

Day 3: Sustainability and Resilient SCM Strategies

- ▶ Circular economy models and case studies.
- ▶ Capstone project: Participants develop an SCM strategy based on emerging trends and present findings for expert feedback.

METHODOLOGY

The programme follows an interactive approach, incorporating:

- ▶ Expert-led classroom sessions.
- ▶ Case studies and hands-on exercises.
- ▶ Group discussions and collaborative problem-solving.

FACULTY

The programme is led by **Prof. BVN Sachendra**, Professor and Centre Director of CHR D , with about twenty eight years of experience that includes industry and academia. **Dr Raman Ghosh**, Assistant Professor (AI & Analytics), who brings eight years of research and industry experience in AI, Machine Learning, Blockchain, IoT, and Supply Chain Simulations.

The faculty team includes eminent civil servants, industry experts, and ASCI faculty members.

PARTICIPANT PROFILE

This programme is designed for middle and senior-level executives and Supply Chain Management and Logistics officers, including professionals from public sector enterprises (CPSEs & SLPEs), government ministries and departments, regulatory bodies, financial institutions, and consulting firms. It is particularly beneficial for industry professionals managing procurement, logistics, and supply chain strategies and those engaged in supply chain innovation, digital transformation, and sustainability initiatives. The programme equips participants with the expertise to navigate the evolving SCM landscape using data-driven insights and emerging technologies.

Organisational sponsorship is essential

VENUE

The programme is fully residential and the participants will be accommodated in air-conditioned single-occupancy rooms. The college does not provide accommodation for the family. The college campus is Wi-Fi-enabled comprehensively.

DURATION

The programme duration is 3 days, starting from **February 10-12, 2026**. The participants are expected to arrive a day before commencement and may leave after the conclusion of the programme.

PROGRAMME FEE

Residential Fee: Rs. 43,700/- (US \$ 683 for foreigners) plus GST as applicable (presently 18%) per participant. The fee covers tuition, board and lodging, courseware (in electronic form) and other facilities of the College including internet usage.

Non-Residential Fee: Rs.37,700/- plus GST as applicable (presently 18%) per participant. The fee covers tuition, courseware (in electronic form), working lunch, and other facilities of the College, including internet usage.

A discount of 10% on the Programme fee for three or more participants from the same organisation will be given, provided the payment is credited into our Bank account before **February 06, 2026**.

Note: Kindly forward us the details of Bank/ Wire transfer of fee payment indicating the **Programme Code (Prg/25-26/1/184)** e-mail: to poffice@asci.org.in for confirmation.

ABOUT ASCI

ASCI is the first management development institution set up in the country at the instance of the Government of India and industry in 1956 to impart state-of-the-art management education for practicing managers, a legacy that we proudly take forward with a strong alumni of over 1,76,500. We are proud of our alumni which includes the leaders of Indian industry and senior Civil Servants in the government, public sector undertakings to be a part of this unique organisation. We are thankful to you all for the support extended in the past and look forward to your continuing patronage in 2025-26.

Also, ASCI conducts customized programmes for Government of India, State Governments, Public Sector, Private Sector and various international organisations. Our experienced faculty bring to the table a wealth of academic credentials, rich industry exposure and act as a catalyst in the classroom discussions, case study analyses and tutorials. Our faculty also conduct international programmes which provide an exposure to the global best practices. In addition to this, faculty at ASCI also carry out large number of management research activities (typically about 100 each year) which helps them provide the much needed value addition in the training programmes. In addition, we conduct non-residential programmes at our New Delhi Centre as well as off-campus programmes at the venue of the client's choice.
