

Programme on Financing Energy Efficiency Projects (January 05 - 07, 2026)

Administrative Staff College of India
(accredited as उत्कृष्ट by Capacity Building Commission, GoI)

PROGRAMME OVERVIEW

Energy efficiency is critical to climate action, cost reduction, and sustainability. Recognising its importance, the Government of India has introduced key initiatives such as the Energy Conservation Act (2001) and the National Action Plan on Climate Change (NAPCC). These policies position energy efficiency as a vital strategy for reducing fossil fuel dependence and optimising energy use across industries, buildings, and infrastructure. However, securing adequate financing remains a significant challenge in scaling up energy efficiency projects.

This programme equips professionals with the knowledge and skills to develop, assess, and finance energy efficiency projects effectively. Participants will gain insights into financing mechanisms, risk assessment, and policy frameworks that support energy efficiency investments. The programme will cover key financial instruments, including ESCOs and other energy efficiency (EE) financing models, through interactive sessions, case studies, and financial modelling exercises.

By bridging the gap between technical expertise and financial viability, this programme empowers professionals to drive investment in energy efficiency and contribute to national and global sustainability goals.

OBJECTIVES

- Understand financial mechanisms and investment strategies for energy efficiency projects.
- Assess project viability using technical and financial appraisal techniques.
- Identify financing models, including ESCOs and other EE financing structures, for project implementation.
- Develop risk management strategies for energy efficiency investments.
- Analyse real-world case studies to apply best practices in energy efficiency financing.
- Strengthen leadership and collaboration skills to drive energy efficiency initiatives.

CONTENT

Day I: Introduction to Energy Efficiency & Financing Needs

- Overview of global and national energy efficiency trends
- Policy frameworks and regulatory considerations
- Importance of financing in achieving energy efficiency goals

Day II: Technical & Financial Fundamentals

- Energy audits, performance metrics, and technological advancements
- Financing mechanisms: ESCOs, Public-Private Partnerships (PPPs), and blended finance models
- Risk assessment and financial structuring for energy efficiency investments

Day III: Case Studies & Impact Assessment

- Evaluation of real-world energy efficiency projects
- Financial modelling and impact assessment techniques
- Application of successful financing strategies for project sustainability

METHODOLOGY

The programme adopts an interactive and practice-oriented approach, including:

- Expert-led lectures on financing models and policy frameworks
- Case study discussions showcasing successful financing strategies
- Hands-on exercises in financial modelling, risk assessment, and project planning
- Group discussions and presentations to foster peer learning and collaboration

FACULTY

The faculty comprises experienced professionals and industry experts specialising in energy efficiency financing, policy frameworks, and project implementation. They bring extensive academic, government, and private-sector finance knowledge to ensure a comprehensive learning experience.

PARTICIPANT PROFILE

This programme is designed for professionals financing and implementing energy efficiency projects, including government officials, designated consumers under the Energy Conservation Act, energy consultants, practising engineers, and financial institutions. It also benefits stakeholders interested in understanding financing mechanisms for energy efficiency initiatives. Participants will gain valuable insights and practical tools to enhance their ability to drive energy efficiency investments and contribute to sustainable development goals.

Organisational sponsorship is essential

VENUE

The programme is fully residential and the participants will be accommodated in air-conditioned single occupancy rooms. The college does not provide accommodation for the family. The college is Wi-Fi enabled in a comprehensive way.

DURATION

The programme duration is 3 days starting from **January 05 - 07, 2026**. The participants are expected to arrive a day before commencement and may leave after the conclusion of the programme.

PROGRAMME FEE

Residential Fee: **Rs. 43,700/-** (US \$683 for foreigners) plus GST as applicable (presently 18%) per participant. The fee covers tuition, board and lodging, courseware (in electronic form) and other facilities of the College including internet usage.

Administrative Staff College of India (ASCI) is taking all the precautionary measures and following all the norms (in light of COVID 19) to provide a safe environment for the participants who are visiting our Campus to attend the Training Programmes.

ABOUT ASCI

ASCI is the first Management Development Institution set up in the country at the instance of the Government of India and industry in 1956 to impart state-of-the-art management education for practicing managers, a legacy that we proudly take forward with a strong alumni of over 1,75,500. We are proud of our alumni which includes the leaders of Indian industry and senior Civil Servants in the government, public sector undertakings to be a part of this unique organisation. We are thankful to you all for the support extended in the past and look forward to your continuing patronage in 2025-26.

Also, ASCI conducts customized programmes for Government of India, State Governments, Public Sector, Private Sector and various international organisations. Our experienced faculty bring to the table a wealth of academic credentials, rich industry exposure and act as a catalyst in the classroom discussions, case study analyses and tutorials. Our faculty also conduct international programmes which provide an exposure to the global best practices. In addition to this, faculty at ASCI also carry out large number of management research activities (typically about 100 each year) which helps them provide the much needed value addition in the training programmes. In addition, we conduct non-residential programmes at our New Delhi Centre as well as off-campus programmes at the venue of the client's choice.
