

**Programme on
Empowering Utilities:
Trends in Tariffs, Policy and
Regulation
(September 15 - 19, 2025)**

Administrative Staff College of India

(accredited as उत्कृष्ट by Capacity Building Commission, GoI)

PROGRAMME OVERVIEW

This programme comprehensively explains the latest legal, policy, regulatory, and market developments in electricity tariffs. Participants will gain insights into the principles and methodologies of tariff determination, regulatory compliance, and the role of regulatory bodies. The programme will explore the implications of regulatory frameworks through case studies and discussions on contemporary issues such as subsidy mechanisms, cost-reflective pricing, and the impact of renewable energy integration on tariff structures and pricing dynamics.

As the energy sector evolves with a growing focus on renewable energy and energy storage, participants will examine the effects of these changes on utility operations, carbon trading, and sectoral sustainability. The programme will also address key areas such as consumer protection, dispute resolution, and balancing commercial viability and public interest in tariff regulations.

Designed for professionals handling regulatory affairs and commercial operations within the power sector, this programme equips participants with the knowledge to stay abreast of legal, policy, and regulatory advancements affecting the electricity sector.

OBJECTIVES

- A deep understanding of the evolving landscape of electricity tariffs and regulatory frameworks.
- The ability to navigate complexities in tariff setting and comprehend the interplay between policy decisions and market forces.
- Insights into the impact of regulatory changes on stakeholders in the electricity sector.
- Tools to anticipate tariff implications and contribute to developing fair, transparent, and sustainable tariff regulations.

CONTENT

Day I: Regulations, Policies, Energy Sector Economics, and Market Dynamics

- Overview of the energy and power sector landscape.
- Tariff regulations and policy frameworks focusing on regulatory compliance.
- Fundamentals of energy sector economics and market dynamics.

Day II: Consumer Protection, Dispute Resolution, Sustainability, and Innovation

- Consumer protection policies and fair dispute resolution mechanisms.
- Sustainability and innovation in tariff structuring.

Day III: Financial Models, Renewable Energy Integration, and Emerging Technologies

- Financial aspects of tariff design: revenue requirements, cross-subsidies, and risk management.
- Tariff implications of renewable energy integration and energy storage.

Day IV: Sectoral Collaboration, Stakeholder Engagement, Case Studies, and Group Exercises

- Effective collaboration and stakeholder engagement with regulatory bodies, utilities, and government agencies.
- Case studies highlighting best practices in tariff setting and regulatory decision-making.
- Practical exercises on cost-reflective mechanisms to align tariffs with service delivery costs.

Day V: Simulation and Way Forward

- End-to-end tariff determination process (hands-on group activity).
- Valedictory session: participant presentations, feedback, and certificate distribution.

METHODOLOGY

The programme employs an interactive learning approach, combining expert-led lectures, real-world case studies, group discussions, and hands-on exercises to reinforce practical applications.

FACULTY

The programme will be conducted by leading academicians, regulatory professionals, and industry practitioners with extensive expertise in the power sector.

PARTICIPANT PROFILE

This programme is designed for senior professionals in the power sector, including officials from electricity distribution utilities (Executive Engineer level and above), state procurement agencies, and government bodies managing energy affairs. It is also relevant for representatives from NBFCs, infrastructure financing firms, and financial institutions involved in power sector investments. Officers from electricity regulatory commissions, senior executives from renewable energy companies, and professionals from power generation firms (captive, private, joint, or utility) will benefit from this programme. Additionally, it caters to personnel from power trading companies, power exchanges, regulatory affairs divisions, oil marketing companies, and nuclear energy firms. The programme also suits bulk consumer representatives, journalists, and aggregators engaged in electricity market operations. By participating, attendees will gain strategic acumen to navigate the evolving energy sector and regulatory landscape effectively.

Organisational sponsorship is essential

VENUE

The programme is fully residential and the participants will be accommodated in air conditioned single occupancy rooms. The college does not provide accommodation for the family. The college is Wi-Fi enabled in a comprehensive way.

DURATION

The programme duration is 5 days starting from **September 15 - 19, 2025**. The participants are expected to arrive a day before commencement and may leave after the conclusion of the programme.

PROGRAMME FEE

Residential Fee: **Rs. 69,500/-** (US \$ 1086 for foreigners) plus GST as applicable (presently 18%) per participant. The fee covers tuition, board and lodging, courseware (in electronic form) and other facilities of the College including internet usage.

Non-Residential Fee: **Rs. 59,500/-** plus GST as applicable (presently 18%) per participant. The fee covers tuition, course ware (in electronic form) working lunch and other facilities of the College including internet usage.

Administrative Staff College of India (ASCI) is taking all the precautionary measures and following all the norms (in light of COVID 19) to provide a safe environment for the participants who are visiting our Campus to attend the Training Programmes.

ABOUT ASCI

ASCI is the first Management Development Institution set up in the country at the instance of the Government of India and industry in 1956 to impart state-of-the-art management education for practicing managers, a legacy that we proudly take forward with a strong alumni of over 1,76,500. We are proud of our alumni which includes the leaders of Indian industry and senior Civil Servants in the government, public sector undertakings to be a part of this unique organisation. We are thankful to you all for the support extended in the past and look forward to your continuing patronage in 2025-26.

Also, ASCI conducts customized programmes for Government of India, State Governments, Public Sector, Private Sector and various international organisations. Our experienced faculty bring to the table a wealth of academic credentials, rich industry exposure and act as a catalyst in the classroom discussions, case study analyses and tutorials. Our faculty also conduct international programmes which provide an exposure to the global best practices. In addition to this, faculty at ASCI also carry out large number of management research activities (typically about 100 each year) which helps them provide the much needed value addition in the training programmes. In addition, we conduct non-residential programmes at our New Delhi Centre as well as off-campus programmes at the venue of the client's choice.
