Industry 4.0: New Age Digital Technologies (AI/ML/BI/IoT/Blockchain, etc)

(February 23 - 25, 2026)

Administrative Staff College of India

(accredited as उत्कृष्ट by Capacity Building Commission, GoI)

PROGRAMME OVERVIEW

The global business landscape is undergoing a technological revolution with the emergence of Industry 4.0. This transformation integrates innovative technologies, automation, and data-driven processes into traditional industries. Manufacturing, supply chain management, and service sectors are rapidly adopting Artificial Intelligence (AI), the Internet of Things (IoT), Cyber-Physical Systems (CPS), Big Data, and Robotics to enhance efficiency, productivity, and competitiveness.

This three-day programme provides a comprehensive understanding of Industry 4.0 and its impact on business operations and policymaking. Through practical case studies and hands-on training, participants will explore real-time data analytics, AI-driven automation, and business intelligence tools.

Aligned with the *Karmayogi* Functional Competency Model (Data Analytics - *Guna* of *Rijyakarma*), the programme equips professionals with the ability to handle big data, leverage analytics tools, and decode AI, ML, IoT, and blockchain technologies to drive

OBJECTIVES

- Gain insights into Industry 4.0 concepts, including smart factories and intelligent automation.
- Understand how IoT, AI, and Big Data reshape industries and business strategies.
- Explore business intelligence tools to enhance operational efficiency.
- Learn the role of AI & ML in business transformation.

CONTENT

Day 1: Foundations of Industry 4.0

- Evolution and key technologies of Industry 4.0
- Impact on global industries and business operations
- Introduction to AI and ML in business transformation

Day 2: Data Analytics and AI-Driven Decision Making

- Real-time data analytics and AI-powered automation
- Data visualisation techniques using Power BI
- IoT-enabled industrial processes and their applications

Day 3: Implementation Strategies and Future Trends

- Industry 4.0 adoption frameworks and business transformation strategies
- Fundamentals of IoT and blockchain integration
- Case studies on successful digital transformation initiatives
- Capstone project applying acquired skills in a practical scenario

METHODOLOGY

The training adopts an interactive and application-oriented approach, featuring:

- Engaging in classroom sessions covering fundamental concepts
- Hands-on training with AI and business intelligence tools
- Case studies on automation and digital transformation
- Group discussions and a capstone project for practical application

FACULTY

ASCI faculty members and industry experts with extensive experience in digital transformation, automation, and business intelligence will lead the programme.

PARTICIPANT PROFILE

This programme is designed for government officials involved in industrial policy, smart cities, digital transformation, and manufacturing and operations managers integrating Industry 4.0 technologies. It is also suitable for business analysts, engineers, and technology leaders focused on intelligent automation. Additionally, logistics, supply chain, and production planning professionals seeking to leverage data-driven decision-making will benefit from this training.

Organisational sponsorship is essential.

VENUE

The programme is fully residential and the participants will be accommodated in air-conditioned single-occupancy rooms. The college does not provide accommodation for the family. The college campus is Wi-Fi-enabled comprehensively.

Administrative Staff College of India (ASCI) is taking all the precautionary measures and following all the norms (in light of COVID-19) to provide a safe environment for the participants who are visiting our Campus to attend the Training Programmes.

ABOUT ASCI

ASCI is the first Management Development Institution set up in the country at the instance of the Government of India and industry in 1956 to impart state-of-the-art management education for practicing managers, a legacy that we proudly take forward with a strong alumni of over 1,76,500. We are proud of our alumni which includes the leaders of Indian industry and senior Civil Servants in the government, public sector undertakings to be a part of this unique organisation. We are thankful to you all for the support extended in the past and look forward to your continuing patronage in 2025-26.

Also, ASCI conducts customized programmes for Government of India, State Governments, Public Sector, Private Sector and various international organisations. Our experienced faculty bring to the table a wealth of academic credentials, rich industry exposure and act as a catalyst in the classroom discussions, case study analyses and tutorials. Our faculty also conduct international programmes which provide an exposure to the global best practices. In addition to this, faculty at ASCI also carry out large number of management research activities (typically about 100 each year) which helps them provide the much needed value addition in the training programmes. In addition, we conduct non-residential programmes at our New Delhi Centre as well as off-campus programmes at the venue of the client's choice.
